

**Travel From Start Location/Address**

List the "Travel From." This is either the physical address or the location.

You only need to list the exact address of a location that is not a public location.

Example: You do NOT need to list the exact address for Walmart in Hurricane.

If you have gone to a friend's home for Social Skills Development, then you DO need to list the exact physical address of the location.

**Travel To End Location/Address**

List the "Travel To." This is either the physical address or the location.

You only need to list the exact address of a location that is not a public location.

Example: You do NOT need to list the exact address for Walmart in Hurricane.

If you have gone to a friend's home for Social Skills Development, then you DO need to list the exact physical address of the location.

**EXAMPLE OF ADDRESS:**
