

**Travel From Start Location/Address**

List the "Travel From." This is either the physical address or the location.

You do not need to list your home address as it is already listed above.

You only need to list the exact address of a location that is not a public location.

Example: You do NOT need to list the exact address for Walmart in Hurricane.

If you have gone to someone's home for Social Skills Development, then you DO need to list the exact physical address of the location.

**Travel To End Location/Address**

List the "Travel To." This is either the physical address or the location.

You do not need to list your home address as it is already listed above.

You only need to list the exact address of a location that is not a public location.

Example: You do NOT need to list the exact address for Walmart in Hurricane.

If you have gone to someone's home for Social Skills Development, then you DO need to list the exact physical address of the location.
